Are you a scientist who works with the planning community, or would like to?

Are you a planner who would like to work more closely with the scientific community?

Would you like to improve your science and technical communication skills?

Register here: <https://goo.gl/forms/18VhufMQ2W3SNuPz1> AICP event: #9132153

Join us for a workshop on October 31 that will focus on building communication skills and bridges between the science and municipal planning communities. A lively day of panel discussions and interactive exercises will bring engaged scientists together with planners, floodplain managers, and other local decision makers to explore resiliency issues and planning needs.

Location: Del Mar College 101 Baldwin Blvd, Corpus Christi, TX 78404 For more information, visit:
